Introduction and Background

The South Australia (SA) - Training and Assessment report is a snapshot overview of data and outlines the most recent numbers for:

- Enrolments
- Trainees and Specialist International Medical Graduates (SIMG)
- Assessment pass rates
- New RANZCP Fellows
- Certificates of advanced training
- Specialist Training Program (STP) and Integrated Rural Training Pipeline (IRTP) Program.

The End-year update data is current as of 8 January 2024 and summarises activities for January – December 2023.

Importantly, the data published in the respective sections are aggregated for each state and New Zealand. However, the definition of location changes according to the member type:

- Trainees: the Fellowship zone is used to determine location
- SIMGs: the employer state is used to determine location
- New Fellows: the last Fellowship zone recorded is used to determine location

The data for this report is taken from the College member database, and the analysis was conducted by the Education and Training Unit as part of its regular reporting of the College's education activities. Numbers may differ from other reports due to trainees moving zone, late form submission, withdrawals, not paying fees, being excluded or other reasons. Results presented in this report have been rounded up to the nearest whole percent and in some cases, answers may not add up to 100%.

1. RANZCP Fellowship program enrolment

During the 2023 training year, a total of 22 trainees commenced the SA training program (see Table 1).

The training year for 2023 commenced in February for Australia and New Zealand, covering the period from February 2023 to February 2024. Table 1 compares the 2023 intake with the same period in 2022 and shows the difference in numbers.

Table 1. SA Training Intakes

	SA	RANZCP Overall
2023	22	412
2022	27	374
Difference	-5	+38

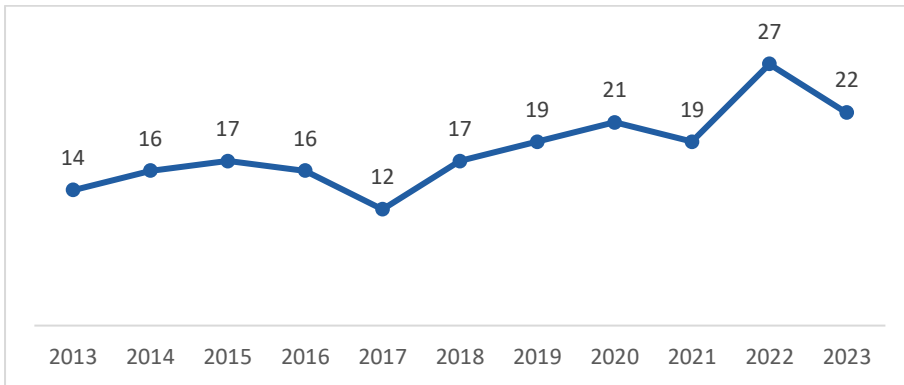

Figure 1. SA Training intake (2013-2023)

2. RANZCP Fellowship program numbers

Overall, the SA program currently has 128 active trainees. The distribution of these trainees across different stages of training is detailed in Table 2. There are 127 trainees undertaking the 2012-program, and 1 trainee transitioned from the 2003 program.

Figure 2 illustrates the distribution of trainees across each stage of training and the location. The SA program has the highest proportion of their trainees in stage 2 and 3.

Table 2. Total SA Training Numbers by stage (correct as of 8 January 2024)

	SA	RANZCP Overall

Stage 2	-	2
Stage 3	1	55
Overall	128	2235
Stage 1	28	533
Stage 2	51	772
Stage 3	49	930

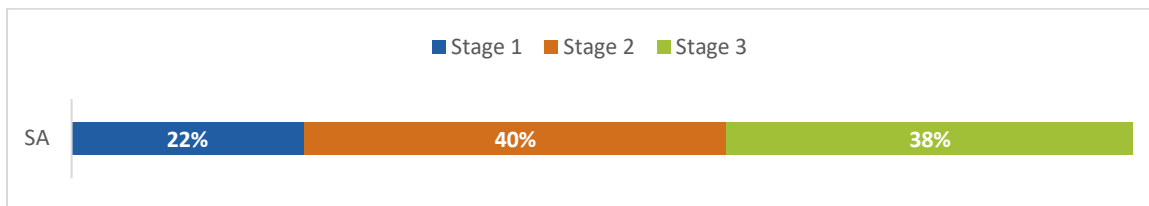

Figure 2. Trainees by Fellowship Zone and Stage of Training (correct as of 8 January 2024)

The distribution of SA trainees by gender is outlined in Table 3. Women represent more than 50% of SA trainees. In Table 3 trainees identifying as non-binary / gender diverse and preferring not to say are presented as part of the overall numbers and not distributed by program. Table 4 shows the range and frequency of the age of SA trainees. The SA trainees are ranging from 27 years to 58 years of age. The average age is 36.08 years, with a standard deviation of +/- 7.063 years.

Table 3. Distribution of SA trainees by gender (correct as of 8 January 2024)

Maximum	58

3. Assessments

3.1 Multiple Choice Question (MCQ) Examination

The Multiple-Choice Question (MCQ) Examination was held in March and September 2023. The pass rate for the SA program was 100% in March and September. In total, 31 assessments were completed during both rounds in 2023.

Table 5. MCQ March Results

	Assessments	17	
Pass	17		152
Pass Rate (%)	100%		78%

3.2 Critical Essay Question (CEQ) Examination

The Critical Essay Question Examination (CEQ) was held in February and August 2023, where the SA program achieved a pass rate of 60% in February and 71% in August. A total of 29 assessments were completed during both rounds in 2023.

3.3 Modified Essay Question (MEQ) Examination

The Modified Essay Question Examination (MEQ) was held in February and August 2023. The SA program pass rate was 88% in February and 60% in August. A total of 32 assessments were completed during both rounds in 2023.

Table 9. MEQ February Results

	Pass Rate (%)	-	43%
	Total Assessments	15	292
	Pass	9	154
	Pass Rate (%)	60%	53%

3.4 Clinical Competency Assessment (CCA)

The Board approved the implementation of the Clinical Competency Assessment (CCA) for 2022 and 2023. The CCA is based on the AAP with some modifications. The CCA will not be a 'No-Disadvantage Exam' - the results from this assessment will be reflected in the candidates' training trajectory.

The CCA was held in March and September 2023 with the SA program achieving a 100% pass rate in March and September. A total of 14 assessments were completed during these rounds in 2023. The CCA relies on longitudinal data points to make high-stakes decisions, unlike summative assessments, which base judgments on a single data point. The ongoing, structured feedback received during training is assessed to inform progression decisions. This ensures that candidates only proceed to submit their portfolios when they believe they have met the required standards. As a result, the outcomes from the CCA do not come as a surprise to candidates.

3.5 Psychotherapy Written Case (PWC)

The results of the Psychotherapy Written Case (PWC) submissions received in 2023 are summarised in Table 13 to 16, including the pass rates. In total, 20 submissions were assessed. The pass rate for the PWC in 2023 were as follows: 50% in February, 67% in May and August and 38% in November 2023.

Table 13. PWC February Results

3.6 Scholarly Project (SP)

a. Submission results

During the 2023 round of submissions, 17 Scholarly Projects from the SA program were received. The pass rate for the SP in 2023 were as follows: 100% in March, 100% in July and 89% in November 2023.

Table 17. SP March Results

b. Proposals and exemptions

The RANZCP approved 14 SP proposals from the SA program between January and December 2023 (see Table 23).

Table 23. Approved SP proposals by project type

Project Type	Jan – Dec 2023
Case Series	1
Literature Review	4

Woman	10	125

7. Certificates of Advanced Training

The total number of enrolments, awards and current participants completing Certificates of Advanced Training in SA are shown in Tables 31 to 34.

a. Enrolment

Table 31 provides a breakdown of enrolments into certificate courses in the SA for the period January to December 2023.

Table 31. Certificates of Advanced Training intake by type and certificate zone (Jan – Dec 2023)

Psychotherapy	5	21

a. RANZCP Certificates of Advanced Training numbers

Table 32 shows the total number of people currently enrolled in Certificates of Advanced Training in SA and the detail of Membership by location is shown in Table 33. A total of 61 advanced certificates are being completed by 55 people, with the most common certificates being Psychotherapy accounting for 32% of the total. The majority of people enrolled are RANZCP trainees (54%) and the remaining Fellows (44%).

Table 32. Total Certificates of Advanced Training Numbers by Certificate Zone (correct as of 19 January 2024)

Old Age	-	25
Psychotherapy	3	14

8. Specialist Training Program (STP)

The Specialist Training Program (STP) is an Australian Government initiative.

It provides funding to health organisations to support specialist medical training in settings beyond traditional public teaching hospitals. STP posts involve 6-month training rotations in posts located in priority settings such as the private sector, regional, rural and remote areas, and non-hospital settings (e.g., aged care, community health organisations or Aboriginal medical services). As providers of STP posts must submit a report after each rotation, the numbers in this report could differ from those reported to the Department of Health and Aged Care. The Modified Monash (MM) classification is used to report the geographical location of the posts.

Table 35 shows the total number of FTE by the MM rating, and the number of SA trainees in the STP program is shown in Table 36. The STP program funded in SA a total of 6.4 FTE across the 7MM locations during rotation 1 2023, covered by 7 trainees.

Table 35. Rotation 1, 2023 STP locations showing FTE by MM classification

	SA	AUST
MM1	3	92.13
MM2	-	18.56
MM3	2.32	16.1
MM4	0.43	6.63
MM5	0.19	1.61
MM6	0.18	3.74
MM7	0.28	2.69
Overall	6.4	141.46

* MM1 is a major city, and MM7 is very remote. Areas classified MM2 to MM7 are rural or remote.

Table 36. Rotation 1, 2023 Trainees funded by the STP program

	SA	AUST
STP trainees Rotation 1, 2023	7	159

9. Integrated Rural Training Pipeline (IRTP) Program

The Integrated Rural Training Pipeline (IRTP) program is an Australian Government initiative aimed at increasing the number of psychiatry trainees and specialists in rural and regional areas.

Training posts funded in the IRTP program differ from the Specialist Training Program (STP) posts as the funding 'follows' the trainee through multiple rotations at a health service.

Overall, the College has 33 active trainees funded by the IRTP program. Currently, there are 3 trainees from SA funded by the IRTP.

Table 37. Total Trainees funded by the IRTP program

	SA	AUST
Trainees	3	33
